Preface

Read at your own risk.

This is the story of my first love.

I'm using real names and not hiding anything after all these years.

Go fuck yourself if you don't like it.

Chapter 1

Governors School

> The good times of today, are the sad thoughts of tomorrow.
>
> — Bob Marley, *Quote*

Chapter 2

Senior Year

I wish I could say no regrets
And no emotional debts
— Amy Winehouse, *Tears Dry on Their Own*

Chapter 3

College

I'm sick and tired and lonely, nothing left to say
Just thinking 'bout you, baby, takes all my night and day
— Coverdale and Page, *Don't Leave Me This Way*
